We are proud to introduce our company, Omega Maritime & Energy Limited to you as an indigenous Oil & Gas Onshore/Offshore Drilling and Subsea Engineering Company in Nigeria.

Our Services include, the provision of Deep offshore Drilling, Onshore Drilling and Subsea Engineering Services to Oil and Gas operators in the Gulf of Guinea and Africa as a whole.

OMEL has Technical relationships with some major offshore Drilling production companies in the world which are specialists in removal and installation of fixed structures as well as floating substructures for exploration production facilities etc.

We place much emphasis in recruiting indigenes from our Host Communities in skills that enhance the transfer of technology from our partners. Omega Maritime & Energy Limited Encourages pro-active and energetic pursuit in the maximization of local content in their area of operation and has in place action-plans to achieve these goals.
